    - bigger than the outside
    - inside a set of dark obsidian panels
      - 1ft long
      - ornate
      - they have slots to fit together
        - spiked crown of giant proportion with curved horns
          - when looking from above it there is a hole 3ft hole
          - 50ft down there is a room
            - chicked with Lucy's coin of delving
          - large stone 30ft x 30ft room with puddle and side stairs
            - *need confirmation*
          - when it is removed from the ground the connection is severed, cutting what ever was going though, tested with a string
          - doesn't matter where in the ground it is we see the same

        - curved horn crown is a symbol of asmodeus, looks like ours but horns are reversed
    - Prolix wants in
        - 200gp if we help him with his quest and keep out the bitch ?
        - *need confirmation*
- of to old Tenaryn Mirimm
    - on the street
        - red haired lady wobble won the street with a tankard
        - Tess Erandan
        - muttering about something, "i'm gonna die"
        - asks if we can save her from the demons
            - Draegloth and Armanites
    - arrived there
        - description
            - large 2 stiry manor with stone wall
            - nicer than a lot of buildings
            - scars of the city's struggle on the house
        - dead aurora watch
            - no light inside
            - dissemboweld like by demons
        - inside
            - framed portraits of goblins and drows in uniform
                - one of them is Skysybil Abrianna Mirimm and another is Durth Mirimm
                - names of previous incarnations of the Mirimm family
                    - one of them is a young 10 version of Irvan Wastewalker as Irvan Mirimm
                        - was consecuted
                        - former life as a bugbear
                        - *so you are telling me he is high in the den I work for ?!*
            - room with the dead guard
                - hand extended toward books
                    - texts on the Betrayer gods
                    - talks about the umbra gates
                        - constantly changing tunnels
                        - the gates of Betrayer's Rise
                - nothing of note on him
                - died of claw strike, few hours old
            - sitting room
                - RàS
                - it looks cozy
            - dinning room
                - table
                - moldy uneaten food
                - cobalt soul research papers
                    - went to betrayers rise
                    - found a lost shrine to avandra
            - hallway

- snuffs light
- going throug makes you WIS save
  - fail makes you go to the starts
- storage closet
  - old some misc stuff inside
- room at the end of it
  - 2 pointing hooded statues
  - display cases
    - black and gold whip with a red fine handle, recovered from a cultist
      - James tries to shatter the case
        - doesn't shatter
        - statues pivot towards him and laser burn him
    - small smashed one
      - Adamantine mace of Orgosh the Devoted, may his soul at last be at rest
    - big smashed one
      - Large Broken Case: carved bone statue of a gloomstalker, a jet stone shot through with red crystal, and a dark steel and carnelian spider with a body in the shape of a skull
      - missing placard, it fell down
      - Signet of the Children of Malice, worn by a drider servant of the Spider Queen defeated in the eternal tunnels
      - Quiwynn tries to steal one item
        - statues shoot her
        - she keeps it
        - they animate
        - *combat script*
          - 2 statues animate and try to defend the contents of the room
          - only Cali seem to have an effect on them
          - Lucy sits this one out
        - James takes the whip anyway
    - small smashed one 2
      - dull googgles
    - small case
      - Dust of Disappearance given to me by Jiri Dwendalos, who sacrificed herself to allow the rest of our original party to escape the untimely opening of the rift
    - another case
      - Recovered by Mariet Tasithar, last survivor of the Irien Expedition of 824
    - case
      - Necklace found on a corpse on the second level
    - last large display case
      - staff of withered and twisted wood
      - My old staff, now twisted by the magicks of the darkness beneath the Umbra Gates

        - Lucy don't take keen of them trying to steal from the cases
            - Quiwynn argues about trying to save the items not stealing them
            - Lucy is not buying it and hold her acountable of her words and wont cover her
    - kitchen room
        - unused for like a week
        - another dead guard
            - died the same death
            - is facing the door
    - going upstairs
        - rows of generational portraits staring at the party
    - right side room
        - hearing noises
            - other side of the wall
        - series of boxes, storage room
    - big room
        - lamp lit on the desk
        - parchments and notes
            - intricate designs on them
        - 3 standing bookcases
        - splittered workbenches
        - pool of dried blood
        - drow looking humanoid skittering along the wall
            - lands near Lucy
            - uncanny movements, exorcist style
