“ Hey folks,

Soo, I was telling my bosses about what happened in Bazzoxan and what you told me about what Aloysia was up to. They were very interested in what you did and what it would mean for their expeditions. I hope you don't mind but I kinda lied ... I might have said that you were so fond of our time together than you were wanting to join the allegiance of Allsight. Any chance we can keep the lie between us as they were quite impressed with my performance (Bazzoxan was one of my last chances I think)
Sorry
Prolix

“Allegiance hopefuls,
We need you to pick up and deliver a marble figurine of an elephant that was stolen from us. We have located it at a curio shop called the Bone Garden in the Suncut Bazaar and arranged for the proprietor, Rerosha, to hand over the merchandise without a fuss. Simply bring the figurine to Gatekeeper Raashid at the Crystal Chateau, and your task is complete.
Welcome in advance to the team!—Professor Lymmle Wist,
